¹ Print times are based upon print engine speeds only. Total throughput depends upon front-end driver/RIP, file size, printing resolution, ink coverage, network speed, etc. ² F6370 ink packs contain 11 liters of ink, 10 percent more than previous generation 1.0-liter ink packs. ³ The SureColor F-Series Printers are designed to be used exclusively with UltraChrome DS Inks and not with any other brands of cartridges or inks. Using Epson genuine ink is important for reliable performance and high image quality. ⁴ Note that warranty coverage for the printhead and ink delivery system is terminated if the printer is ever used with new or refilled ink cartridges, inks, or ink delivery systems other than the UltraChrome DS system for which the printer was designed. ⁵ For convenient and reasonable recycling options, visit epson.com/recycle. ⁶ SmartWay is an innovative partnership of the U.S. Environmental Protection Agency that reduces greenhouse gases and other air pollutants and improves fuel efficiency.
